

## SEALING SYSTEMS FOR WATER PUMPS

by

**William Alan Evans**

**Manager of Engineering**

**A.W. Chesterton Company**

**Stoneham, Massachusetts**

*William A. (Alan) Evans is Manager of Engineering for the Mechanical Seal Division of A.W. Chesterton Company, in Stoneham, Massachusetts. During his 11 years with the company, he has held several positions. He has spent 20+ years in the field of rotating equipment, focusing primarily on pumps and turbomachinery. He gained broad experience as an end-user of rotating equipment during his 14 years as maintenance/reliability engineer in process industries. Mr. Evans' technological background and experience cover a wide range of topics, including tribology, machine design, predictive maintenance, and reliability engineering. He has conducted lectures, seminars, and presentations on improving reliability as it relates to pumps/seals and pumping systems. He has published articles for STLE, of which he is a member.*

*Mr. Evans received his MBA from Northeastern University and his BSME from Rochester Institute of Technology. He also has an Associates degree in Applied Science from Pennsylvania State University.*
